Dear Sir,

Our Warmest Greetings of Peace from IECEP!

The Institute of Electronics Engineers of the Philippines, Inc. (IECEP) will celebrate its 68th Founding Anniversary this year, November 2018 (Annual Convention of IECEP is being held every November of each year). Also, a National Midyear Convention will be held this coming May 17-19, 2018 with the theme "**Electronics Engineering Profession in the Digital World**" at the Legazpi City Convention Center, Legazpi City, Albay hosted by IECEP-Bicol Chapter.

The event is part of the continuing professional development program of the organization in compliance to the requirements of the Professional Regulation Commission (PRC). During the convention, there will be a two-day Exhibit showcasing the latest in the field of electronics such as telecommunications, computers and information technology, broadcasting and cable TV, manufacturing, semiconductors, construction, power generation, biomedical technology, instrumentation and control, government, military, and the academe. Aside from the exhibit, Technical Seminars and Product Presentations will be conducted to keep IECEP members abreast the latest technology and best practices in the field of electronics engineering including new management concepts. Since it is a national event, at least 600 participants are expected to attend from all over the country.

As PECE, ECE & ECT practitioners, your participation in this event is earnestly enjoined. Your attendance will be very beneficial to IECEP and to your professional advancement, as you will have the

opportunity to enhance your professional competence and interact with fellow professionals.

Come and witness the event with an early bird registration fee of **PhP 4,000.00** for Members and **PhP 4,500.00** for Non Members until **April 1, 2018**.
